

**UCONN Students** – Help us by Volunteering in the town you live in...

**UR Community Cares, Inc.** is an innovative online platform to link Community Members with Volunteers in every town in CT, based on the services they need; Yardwork, Housework, and/or Companion. Community Members are over **70 years old and/or physically disabled**. Volunteers and Community Members create a profile with a picture to allow one another to be recognized upon arrival. Volunteers can sign up on our website: [www.urcommunitycares.com](http://www.urcommunitycares.com) and will receive an email when a Community Member is in need.

**Mission Statement:** Corporation will conduct social programs empowering communities, promote self-development and juvenile training systems.

**Background Checks** are performed on all parties to provide security and safety. Volunteers and Community Members will **link by the town they live in and needed services**.

We facilitate social respect in Communities with intergenerational connections starting with CT residents. Our structure causes many benefits, ranging from revitalizing neighborhoods, to improving safety with daily activities for the elderly in every Community. We are ultimately trying to create a reciprocal circle of giving.

Our goal is for people to **Nurture UR Neighborhood in every town in CT** because **UR COMMUNITY CARES**. We are a non-profit to help reduce falls/hospitalizations to this fragile population and decrease loneliness due to being homebound. Many live on a fixed income and family have passed or moved away, they need UR help.

Basketball	Game Time	Gate Time	
Sunday, November 03, 2019	1pm	11:30am	WBB vs Jefferson (Exh.)
